

FITTskills Edition 7.2 — Workshop Syllabus

Workshop: Intercultural Competence: Gaining New Perspectives

Workshop Description:

Cultural knowledge gives organizations an advantage when selecting the best market entry strategy. It allows them to select from a broader range of strategies, some being beyond the reach of those with little knowledge of the target market's culture. Culture not only impacts the selection of a market entry strategy, but also the strategies used for risk management, negotiations, product and service design, marketing, sales and delivery. Intercultural competence is described in this workshop, but the knowledge and skills addressed can be applied to all functions of international trade.

The ability to act appropriately and effectively in another cultural context is referred to as intercultural competence. This workshop covers the knowledge and skills that create cultural competence and how they can be used to develop and maintain intercultural relationships outside of and within organizations.

This is the fourth of four workshops for the course *International Market Entry Strategies*. Each workshop explores a facet of launching a new international venture.

FITTskills Program:

The *Intercultural Competence* workshop is a key workshop in Edition 7.2 of the FITTskills Program, which has been designed for the independent self-directed learner who is an international trade practitioner with a minimum of two to five years of experience. The FITTskills Program has been developed so that you as a practitioner can ensure you have all the competencies required to take advantage of international trade opportunities.

Pre-Requisites:

- It is recommended that you have the required learning from the *Feasibility of International Trade* course prior to beginning the *Intercultural Competence* workshop. You can complete the course *Feasibility of International Trade* or self-assess your knowledge of its content by reviewing the learning outcomes for the course.
- The *Intercultural Competence* workshop assumes you have the necessary basic business and trade knowledge and skills needed for domestic trade, as these fundamentals are not covered in the FITTskills Program.

Workshop Learning Outcomes:

Upon successful completion of this workshop, you will be able to:

1. Describe how international trade practitioners can achieve intercultural competence.
2. Explain how intercultural competence can benefit international trade initiatives.
3. Build and sustain mutually beneficial business relationships with global suppliers, clients and associates.

Schedule:

You can begin any time. Learners must complete the workshop within one month of registration.

Workshop Format:

You have one month to work through the self-led workshop and complete the final assessment at your own pace. You'll receive your topic-specific textbook in eBook format. At the end of your learning, you can write the summative exam for the workshop.

Registration in this workshop provides you with access to additional learning resources, such as guiding notes, case studies, sample exam questions and the answers to the exercises in the textbook. These additional resources provide you with an opportunity to apply your learning and verify your progress. Although access to these resources are provided, the only requirement to complete the workshop is successfully passing the exam.

Learning resources:

The workshop includes extensive content about international market entry strategies as an integral part of international trade. It also offers:

- An initial checklist for you to 'Reflect on Your Experience' to help you decide which sections you need to spend most time on, and where you may have previous learning
- Case examples that demonstrate innovative and good business practices, global examples and lessons from the field
- Many sample documents to illustrate requirements and good practice within the global value chain
- Sections that help you to consolidate and apply your learning at the end of each unit
- Opportunities for extended learning at the end of each unit to broaden the scope of your application, and to help you relate the learning to specific situations
- A list of 'Recommended Resources' for additional reading and learning on the topics

Assignments & Formative Assessments:

In addition to the sections in each unit to help you apply your learning and to extend your learning to various situations, there is a Final Check at the end of the module. This multiple-choice quiz for the workshop provides sample questions and answers for you to prepare for the summative exam. These questions have also been provided as an interactive quiz on the learning platform.

Summative/Final Assessment:

Once you are ready, you can write the workshop evaluation. This is a standardized open-book exam consisting of 15 multiple choice questions. Learners must complete this exam online within two hours. You can write your exam at any time as long as it is done before the deadline.

To access the examination:

1. Go to **www.FITTforTrade.com**
2. Under SIGN IN, enter your FITT ID and password
3. Click the **FITT Students** menu (left-vertical menu), then **Online Exam Centre** and then **Login now to begin your exam**—this will redirect you to the online exam center

A credit is awarded when learners achieve a ‘pass’ or ‘pass with distinction’ grade on the exam. These credits count towards obtaining FITT business credentials.

Pass with Distinction	PWD	85% or higher
Pass	P	65%-84%
Fail	F	64% or less

FITT Educational and Professional Credentials:
